PROFICIENT FLAIR
CAN BE ALL YOURS

Confiance Woodworks has evolved into an elite lifestyle destination. We are now introducing Navsari to a world of luxury sanitary accessories. We, at Confiance Woodworks, have always focused on creating a trustful and a meaningful relationship with our customers by fabricating an exclusive experience for them. By carefully understanding the expectations of a customer, we curate the finest wood from around the world and create the best-in-class wooden accessories that exude 'innovation' and 'luxury'. Not only are our products fully utilitarian and functional, they are luxurious pieces of art that are handcrafted to perfection from salvaged wood.

WO^oSIN

Signature Wood Basins

Confiance bathware is India's most creative wooden product manufacturing company. Our products are designed to provide comfort and convenience. Our designs are not only aesthetically appealing but also space efficient. The very name of the product is customized to reflect the eminence involved in them. Wosin is a word coined by combining wood and basin. These signature pieces are created amalgamating natural aesthetics with contemporary leeway formats.

MAKE NATURE
A PART OF YOUR STYLE STATEMENT

SCULPTURE & FUNCTION

We handcraft our wooden basins from distinctive domestic and exotic hardwoods from around the world. Each of the piece is then finished for unmatched durability and longevity.

These wooden basins offer you the luxury of fine art furnitures. We can ship our wooden basins to any part of the world.

WITNESS A VAST VERSATILITY OF EXCLUSIVITY

Confiance provides a great variety of basins that possess inherent vivacity due to the influence of natural grandiosity. Apart from that, we also play around the shapes and sizes of the basins to create a culture of uniqueness.

TIPS FOR DAILY CARE

Custom basins from confiance offers a sense of indulgence and an extra vegence gives stunning beauty to your home. Custom basin from confiance is resistance to most of the acids and alkalis commonly encountered in the home. For daily care, you will usually only need water and damp cloth. After washing, the basin must be wiped with a dry cotton cloth. Don't use any type of abrasive material for cleaning.

WATER PROOF

ACID PROOF

Note :
The texture of the products may vary in each piece because of the natural textures, whereas the shape and color tones will remain the same.
